RE: 2009 Breeding Shed Requirements

- \* **ALL MAIDEN MARES MUST BE JUMPED BEFORE** coming to the breeding shed
- \* When negative cultures are required (please see breeding shed form or call us if you have questions), **all cultures must be at least 48 hours old** when the mare is presented to be bred. On the mare's **first trip**, the culture must also have been taken within 30 days; for **return covers**, the culture must also have been taken within the mare's current heat cycle.

- \* **ALL** imported mares require a negative uterine culture on the first trip (in addition to quarantine release and/or CF tests)
